Re: Letter of Appreciation

We have known Packtra Pvt. Ltd. Co. since June 1999, as a transit, clearing and forwarding company. The service you have rendered to our project is excellent and commendable, which rises above all our expectation of finding such a transit company in Ethiopia.

Your service has been invaluable to the timely execution of our project, as you have been able to clear and delivery construction materials, big machineries and equipment in a relatively short period of time. In short, we are satisfied with your capable and diligent service and please keep it up.

Sincerely yours,

Takeki Yamauchi
Project Manager
